

**Our Lady of the Assumption
Catholic Church, Sylvan Lake
Building Committee
Update**

Why a new building?

While our existing building has served us well in the past, our new building will help us better meet our current needs by:

- ✓ providing us with better parking
- ✓ providing us with better user group meeting rooms
- ✓ allow us to better facilitate weddings and funerals
- ✓ providing us with a better hall facility
- ✓ providing our youth with an activity center
- ✓ providing the youth in our schools with a modern worship place

Why a pledge campaign?

While we have completed the preliminary design of our new church, the commencement of the actual construction is 5 years away. Hence, we have 5 years to raise the \$1.5 million down payment required for the start of the construction. This leads us to a pledge campaign.

Why a Launch Supper?

We all know that the way to people's heart is through their tummies, and so we want to ensure that folks have a full tummy!

We would like to make the launch of this campaign to be a celebration for all, hence we are planning a **FREE parish supper**.

The evening will be a time to provide more Information on the plans, fun activities for the kids, socializing with each other, and did we mention a **FREE SUPPER!**

Tickets for the **May 1st** event to be available in the upcoming weeks.
